

Allowed Tent Areas

National Park Service
U.S. Department of the Interior
Yosemite National Park

Campground Regulations

- Tents must be kept within the orange areas shown on this map.
- Orange areas represent the 35-foot area around site fire rings, within the site area. Regulations stipulate that tents must be within this buffer.
- Tents must be located on previously-used pads within the orange areas.
- No camping is allowed on vegetation, even within the 35-foot area.
- Please see additional Lava Point Campground regulations adjacent to this map. Thank you for your cooperation.
